BUYER'S GUIDE · FAQ

Buyer FAQ: Short Answers, With the Evidence

Questions buyers ask before and after ordering, with the answer and the book where the evidence is shown.

Quotation · payment · checks · packing · documents · spiral belts · edges · sprockets

Eight topics

Each page lists its source book for the full evidence.

3 · Starting a project

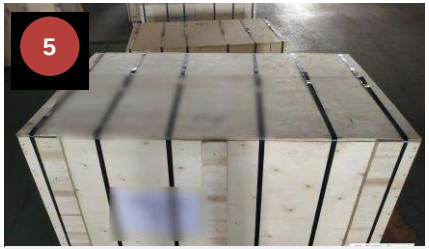

4 · Quotations

5 · Payment

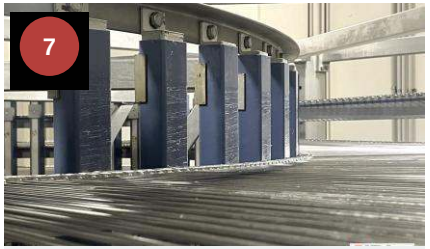

6 · Checks before shipment

7 · Packing and shipping

8 · Materials and documents

9 · Spiral belts

10 · Edges and sprockets

Projects: Waffle cooling spiral 2026, Australia 2023–2024, Malaysia 2026, Australia 2022

Send your question → page 12

Starting a project

What to send first, and what you get back.

Quote from width only?

No. Photos and basic sizes give an estimated price; fit needs more.

No original drawing?

Most replacements start from the old belt, photos or a sample.

Original name or code?

Used to identify the belt; fit is still confirmed by readings.

Line down — by air?

Courier, air or sea, chosen with you.

Source books: What to Send for a Quote, Projects: USA 2024, Australia 2023

More → What to Send for a Quote

Quotations

How a quote is built, and when it can change.

JBL MESH BELT

Quotation

Belt	as confirmed with you
Width · length	your values
Pitch · rod · edge	your values
Sprockets · accessories	if supplied
Packing	sections, labels
Trade term	usually CIF
Valid	normally 15 days
Changes	marked in red

Example layout — not a real document

Can the price change?

Only between estimated and formal, with each change marked.

How are samples priced?

Samples and trial lengths are quoted for each project.

Why ask so many sizes?

Fit depends on more than width; we list what is missing.

Can you match a lower quote?

First check both quote the same belt — see Understanding a Quotation page 6.

Source books: Understanding a Quotation, Projects: Waffle cooling spiral 2026, Malaysia 2026

More → Understanding a Quotation

Payment

When you pay, who you pay, and what you see first.

JBL MESH BELT

Quotation

Belt	as confirmed with you
Width · length	your values
Pitch · rod · edge	your values
Sprockets · accessories	if supplied
Packing	sections, labels
Trade term	usually CIF
Valid	normally 15 days
Changes	marked in red

Example layout — not a real document

Which payment method?

T/T: 30% deposit to start, 70% balance before shipment.

When is the balance paid?

After you review the inspection video and records.

JBL MESH BELT

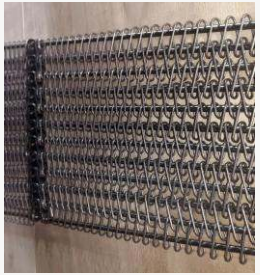

Proforma Invoice

Payee	Jin Bei Li Metal (Suzhou) Co., Ltd.
Specification	same as the quotation
Quantity	confirmed
Payment	T/T
Deposit	30% to start
Balance	70% before shipment
Before the balance	inspection photos + video

Example layout — not a real document

Who do I pay?

Jin Bei Li Metal (Suzhou) Co., Ltd. JBL Mesh Belt is its brand, and the company name is on your PI.

Can we start small?

Yes. Short lengths and trial sections can be quoted.

Source books: Payment & Payment Safety, Projects: Malaysia 2026

More → Payment & Payment Safety

Checks before shipment

What is checked, and what you receive.

When do I see results?

Readings, photos and video, before the crates close.

Are sprockets tested?

When supplied, they are run on the new belt.

Can checks follow my line?

Yes — tell us drum, tiers, sprockets and width tolerance.

Can I see the test again?

Where photos or video were sent before shipment, you can review them.

Source books: Pre-Shipment Checks, Receiving Your Belt, Projects: USA 2024, Malaysia 2026

More → Pre-Shipment Checks

Packing and shipping

How the belt travels, and how you follow it.

Is packing neutral?

Yes — no Chinese markings inside or outside.

How do I know the order?

Spiral sections carry numbers and direction arrows.

Do I have to ask for updates?

No. One arrives every Thursday until pick-up.

Can it go by air?

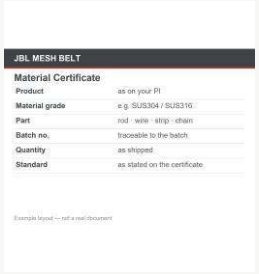

Yes. One steam oven belt, about 33 m, went by air.

Source books: Packing & Export Protection, Shipping & Thursday Tracking, Projects: Malaysia 2026, USA 2024

More → Packing & Export Protection

Materials and documents

Which grades, and which papers come with the order.

JBL MESH BELT

Material Certificate

Product	as on your PI
Material grade	e.g. SUS304 / SUS316
Part	rod · wire · strip · chain
Batch no.	traceable to the batch
Quantity	as shipped
Standard	as stated on the certificate

Example layout — not a real document

Food-contact certificate?

No. A batch-traceable material certificate is available with each order; tests can be quoted.

Which grades are used?

Spiral belts: SUS304 or SUS316. Others as confirmed per order.

Who arranges testing?

A third-party lab, to your standard; scope and cost in the quotation.

JBL MESH BELT

Proforma Invoice

Payee	Jin Bei Li Metal (Suzhou) Co., Ltd.
Specification	same as the quotation
Quantity	confirmed
Payment	T/T
Deposit	30% to start
Balance	70% before shipment
Before the balance	inspection photos + video

Example layout — not a real document

Is the material on the PI?

Yes — the grade confirmed on the quotation.

Source books: Material & Food-Contact Documents, Projects: Australia 2023

More → Material & Food-Contact Documents

Spiral belts

Trial lengths, checks and turn ratio.

Trial a short length first?

Samples and trial lengths are quoted for each project. On the waffle line, the trial was linked into the original.

Checked before it ships?

Yes: turned on a test drum matched to your drum and turn ratio; photos or video. Sprockets run on the belt when supplied.

Typical turn ratio?

Reference range 1.15–2.5; your value is confirmed per project.

Inside edge or centre?

Both are used; state which. Inside edge gives the lower number.

Source books: Spiral Freezer Belt Buyer's Guide, Spiral Belt Turn Ratio, Projects: Waffle cooling spiral 2026

More → Spiral Freezer Belt Buyer's Guide

Edges and sprockets

Keeping an edge, and matching a sprocket.

Can the original edge be kept?

Yes; the Australia can washing edge was kept.

Can the edge be changed?

Any edge change is confirmed before production — see Edge Styles page 8.

Can you match my old sprocket?

From readings on it — teeth, bore, keyway, hub and width.

Are they run on the belt?

When supplied, yes, before shipment.
