Which Book Answers Your Question?

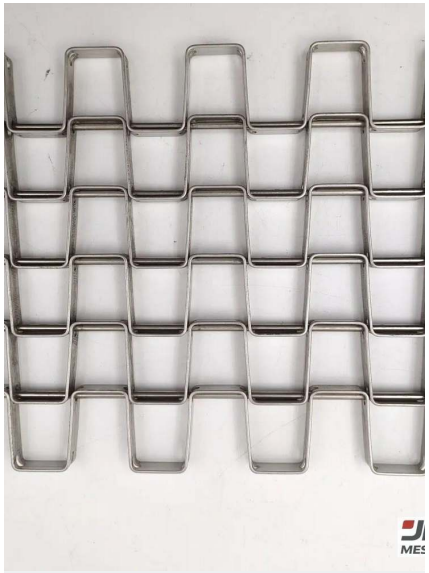

Four kinds of buyer, the question each one asks first, and a real project that answers it.

Belt distributors · equipment builders · maintenance teams · food plants

Which one are you?

Choose the question closest to yours.

Distributor: can a customer's old belt be matched? → page 3

Equipment builder: will you review my drawing? → page 4

Maintenance: what is a worn belt's real size? → page 5

Food plant: which material, and what records do I get? → page 6

Projects: Australia 2022, USA 2024

Send what you have → page 9

"My customer sent me an old belt"

Can it be matched, repeated on the next order, and arrive neutral?

Australia 2022: sample read before the specification, pitch 25.41 mm

1. **What to Send for a Quote**
   What to send when you only have what your customer sent.

2. **Packing & Export Protection**
   Neutral packing, no Chinese markings inside or outside.

3. **Product Range**
   All 13 products, and what each one needs.

Trial pitch: 19.05 mm

Bulk pitch: 19.05 mm

Australia: distributor's drawing

Australia 2022, Malaysia, 2026, Australia, 2020

Send photos → page 9

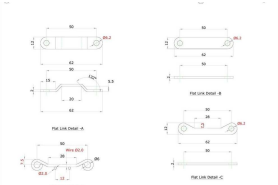

"Will you review my drawing?"

The drawing is reviewed, and the belt and drive are checked together.

USA 2024: about 700 m to a strict OEM drawing

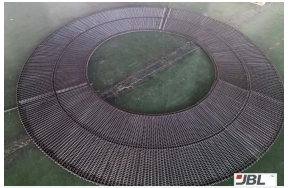

1. **Flat Wire Belt Project Cases**
   The USA project: readings against the drawing.
2. **Sprocket Matching**
   Belt and sprocket read as one system.
3. **What to Send for a Quote**
   What to send with your drawing.

Spain: drawing approved

South Asia: OEM, 3 repeat orders

Malaysia: turn test

USA 2024, Spain 2026, South Asia 2025, Malaysia 2026

Your drawing is used only for your project

"The old belt is worn"

Worn values are identified, not copied.

Waffle line: worn link read 2.42 mm, new link 2.71 mm

1. **Spiral Freezer Belt Project Cases**
   Two replacements started from the customer's belt.
2. **Sprocket Matching**
   What a worn sprocket means for a new belt.
3. **Receiving Your Belt**
   Checks when the crates arrive.

Australia: worn original 27.41 mm

Australia: sample 27.40 mm

Trial joined to the original

Waffle cooling spiral 2026, Australia 2023–2024

Measure your belt → What to Send for a Quote

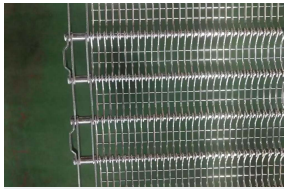

"Which material, and what records?"

Material named per part; records yours before shipment.

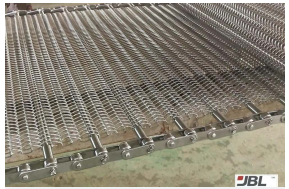

Australia 2022, can washing line: SUS316 rods, 316L strips

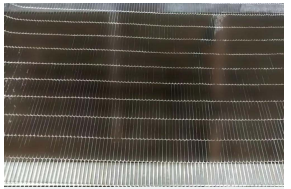

1. **Material & Food-Contact Documents**
   Material certificate traceable to the batch.
2. **Pre-Shipment Checks**
   What is read and tested before the crates close.
3. **Surface Treatment**
   Pickling and electropolishing explained.

Spain: shrimp IQF line

Australia: steam oven

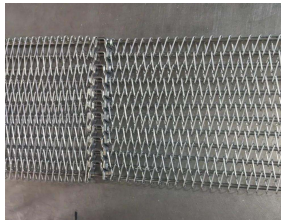

Libya: frying line

Australia 2022, Spain 2026, Australia 2023, Libya 2025

See: Material & Food-Contact Documents

From first question to pick-up

One book for each step of a purchase.

1 **Choosing**
